

GLORIA CRUDGINGTON WORKS HARD FOR MONROVIA.

Last year, when City Council held their budget study sessions, Gloria was the only member of the public that attended regularly. Staff presented an **itemized list of unfunded deferred maintenance totaling \$38 Million.** Only \$300,000 was allocated towards these specific repairs. (Source: 2014 Monrovia Budget Study Sessions.) ***We have been balancing our budget by ignoring repairs to our streets, our sidewalks, our water mains, our sewer systems, our buildings, our parking lots! At this rate, it would take 125 years to fix everything, assuming nothing else breaks!***

City leadership has "kicked the can down the road" rather than tell Monrovia the true state of our City. Gloria says this: "I have spent the last 30 years as a Licensed Marriage and Family Therapist in private practice. My job has been to identify problems and get people to talk about them. Only by facing problems head-on can the City hope to effectively resolve the issues. We will ***never*** solve problems if we ignore them."

The City was recently caught dumping sewage next to our water well. Why were they doing this? ***Because we have a failed sewer line from Canyon Park, and the City has been trucking sewage down from Canyon Park restrooms for years!*** We need leadership that supports City staff in fixing problems, not ignoring them. ***We need Gloria Crudgington!***
