Two Grants Will Help City Renovate Historic Train Depot

The City of Monrovia has been awarded two grants for renovation of the old train depot that once served commuters throughout this region.

The grants came from two sources, one from the Metropolitan Transit Authority (MTA) in the amount of \$927,000 and one from the Great American Station Foundation for \$50,000.

...and then lost it!!!

April 14, 2014

Gloria,

“...The Depot Federal grant funds were neglected, in my opinion, as a result of divergent plans and priorities for the use of the historic structure...Time past with no clear direction on plans for the Depot and the **funding lapsed**. The Federal funds had to be returned to the MTA... The employee responsible for the project was terminated by the City...”

Francis M. Delach
Interim City Manager

GLORIA CRUDGINGTON WORKS HARD FOR MONROVIA.

This past year, the City said we didn't have a grant to restore our historic train depot. Gloria remembered differently. She confirmed receipt of the grant through an archived City Newsletter. Then and only then did the City acknowledge they **lost the grant through neglect** and **had to give the money back**. She brought this to City Council's attention a year ago, but nothing happened. So now she is bringing it to your attention. Our historic train depot has been front and center in every drawing of our new Gold Line Station! ***Where was City Council oversight? What other grants did we lose? What assurance do we have this can't happen again?***

We expect our City Council to be good stewards of our money. Losing grant money is inexcusable. We need City Council members who will provide real oversight and work hard to protect Monrovia's unique charm. We need Gloria Crudgington.

Go to www.GloriaCrudgington.com and watch the video.
Or go to YouTube and enter [Monrovia Train Depot Disaster](#).

Email gloria@crudg.com or call (626) 359-7098 and ask for a yard sign.
And ***please vote to elect Gloria Crudgington to City Council!***
